

HEALTH EXAMINATION FORMS

ALL STUDENTS ENTERING KINDERGARTEN OR SIXTH GRADE AND NEW STUDENT FROM OUT OF STATE

Deadline: To begin school in August, Holy Family School now requires that health examination forms be turned in by *School Business Day in August* prior to the first day of classes. An "Illinois Certificate of Child Health Examination" form must be used. Forms cannot be accepted from other states. Sixth graders cannot use their sports physicals to satisfy this sixth grade requirement; however, the Illinois Certificate of Child Health Examination can be used as their sports physical.

Physical examination: The examination must include an evaluation of: height, weight, blood pressure, BMI, skin, eyes, ears, nose, throat, mouth/dental, cardiovascular, respiratory, gastrointestinal, genito-urinary, neurological, musculoskeletal, spinal examination, nutritional status, and other evaluations deemed necessary by the examiner. The strongly recommended evaluations include hemoglobin or hematocrit, urinalysis, and sickle cell. The examiner should list any medications the child takes routinely, diet restrictions/needs, special equipment needed, and known allergies.

Medical history portion: Parents must fill out the medical history portion (on the back of the health form at the top) and sign and date the form. *The parent signature is a state requirement.*

Immunizations: Every child shall present proof of having received immunizations against preventable communicable diseases. There is room on the front page of the health form for this information. This information **MUST** be signed and dated (or stamped) by a health care professional. If a health care professional chooses to include this information on a separate sheet, **PLEASE DO NOT WRITE ACROSS THE FRONT OF THE IMMUNIZATION PORTION OF THE HEALTH FORM.**

Diabetes Screening: A diabetes screening must be included as a required part of each health examination and the health care provider must document results of the diabetes risk assessment on the Certificate of Child Health Examination form.

Any student entering kindergarten or 6th grade is required to show proof of having received two doses of varicella vaccine (chickenpox) or laboratory evidence of varicella immunity.

All students in kindergarten through 8th grade have to show proof of having received two doses of MMR vaccine (Rubella, Measles, Mumps).

All students entering 6th, 7th, or 8th grades are required to show proof of receipt of one dose of the Tdap vaccine (combined tetanus, diphtheria, acellular pertussis) vaccine regardless of the interval since the last DtaP, DT, or Td dose.
