

Dear Parents,

Unfortunately, due to the increased cost of supporting the Federal Lunch Program, we will no longer be able to offer free lunches to those students who assist in the cafeteria. This new policy will begin on Monday, September 18. We appreciate our students and their willingness to provide service to Holy Family School. Through the assistance of our parents, grandparents, and students we are able to maintain programs, add additional technology, provide new textbooks, and enhance our school campus. Thank you for your continued prayers and support.

God bless you and your families,

Margaret Pennell, Principal
