

# Support the HFS Technology Fund

## THE FUND:

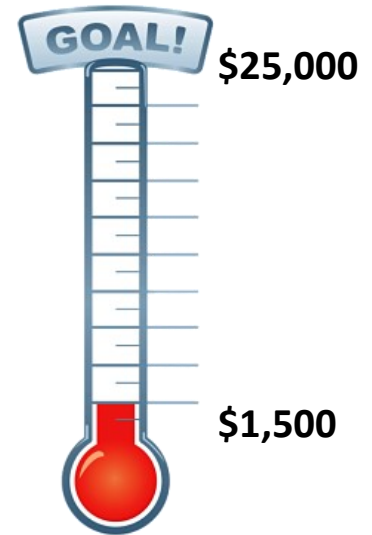

All of the funds raised to support the HFS Technology Fund assist in purchasing computers, software, and other equipment necessary to advance the use of technology by our students and staff. In recent years, we have been able to replace all of the computers in our computer lab and add Smartboard technology in every classroom. We have made great strides to improve the equipment needed at the school, but we have a long way to go. At this time, the HFS Technology Fund relies solely on the profits from Glo Bingo to fund technology upgrades.

## OUR NEEDS:

There is an immediate need to replace all 10 teacher laptops. In addition, in the next two to three years, we will need to improve our infrastructure and wireless connections throughout the building if we hope to someday put laptops and tablets in the hands of our students in the classrooms.

## OUR GOAL:

In the short term, we need to raise \$10,000 this year to replace the aging laptops and upgrade software. Over the next two years, we would like to raise a total of \$25,000. with your help.
