

March 23, 2018

Dear Parents,

In this day and age, parents and grandparents are very busy and most must work outside of the home. This leaves me searching for enough volunteers to keep your children safe during the events. Additionally, the weather has been a great and constant challenge for the last few years. With that being said, please note that we will not have Field Day.

Instead, please consider encouraging your 5th through 8th grade child(ren) to join our Holy Family School Track Team. Notes were sent home on March 22. If your child needs a note, please see me and I will give them one.

Thank you for your understanding.

Ms. Reber
