ATTENTION: All Volleyball Players 6th – 8th Grade and Parents

Friday, January 29, 2021

There is going to be an attempt to have an abbreviated conference volleyball season. At this moment only the 7th and 8th Grade levels will be scheduled to play. Sixth Grade players will be allowed to participate as supplemental players on the 7th Grade Team, as well as 7th Graders being allowed to supplement the 8th Grade Team. There are hopes that the levels of play will be able to be expanded given there are no changes in the Covid status. There will be numerous restrictions to allow us to provide this opportunity for our children, and they will be sent home later to those parents that have children participating prior to any games being played. In order schedule games, we must know how many boys and girls, grades 6th through 8th, are still interested in participating. If needed, we will allow girls to play in the boy's league to allow the boys an opportunity to play. Please fill out the section below ASAP and return it to the school.

Child's Name _____ Grade _____

NO, my child will not be participating in volleyball.

YES, my child will be participating in volleyball. **(COMPLETE THE REST OF THE FORM BELOW)**
